Shengfei Lu

+1 416-409-9432 | salvador.lu@mail.utoronto.ca | lushengfei.github.io

Financial Economics Specialist, CGPA: 3.71/4.0

Technical Skills

Econometrics software: Stata (OLS, 2SLS, FE, Cochrane–Orcutt); R (ggplot2, tidyverse, cleaning and visualization)

Programming: Python (pandas, NumPy, statsmodels)

Writing/typesetting: LaTeX (research papers, equation-heavy writing)

Education

University of Toronto (Toronto, Canada) September 2023-June 2027 (Expected)

High School Affiliated to Fudan University (Shanghai, China) September 2020-June 2023

Academic Accomplishments

- University of Toronto St. George Dean's List Scholar for the 2025-26 Academic Year
- University of Toronto Scarborough Dean's List for the 2023-24 and 2024-25 Academic Years
- UTSC Undergraduate Research Day Speaker for the 2024 Academic Year (top 4 out of 200 students)

Academic Experience

- **Teaching Assistant MGEB11/MGEB01: Quantitative Methods in Economics (2026)/Price Theory (2025)**
  - Supported two courses taught by Profs. Laura Turner (class size ~120) and Masoud Anjomshoa (class size ~70)
  - Held office hours, invigilated, and graded the exams
- **GRE Score (August 2026)**
  - Quantitative 170, Verbal 161

Research Experience

- **Research Assistant, Aging in the Foreign Life (September 2026-Present)**
  - Work with Prof. Weiguo Zhang to identify racism against Chinese seniors in Canada
  - Review academic articles on the Canadian healthcare system and the experiences of Chinese seniors in Canada
  - Annotate findings on intergenerational communication and marital relationships into a bibliography
- **Primary Researcher, Minimum Wage and Mortality Rate in the U.S. (September 2026-Present)**
  - Identify the effect of the "Fight for 15$" movement that happened in the 2010s.
  - Use a staggered adoption design to determine whether an increase in minimum wage lowers mortality
  - Apply R to report covariance matrices, standard errors, and graphs
- **Eli Lilly and Company Financial Statement Report and Prediction (Summer 2026)**
  - Forecasted five-year growth using two years of financial statements and balance sheets
  - Valued the company using a discounted cash flow model (WACC-based discount rate) and ratio analysis
  - Compared the result with its market price on Yahoo Finance; no strong buy or sell signal
- **Primary Researcher, Students' Preferences for Their Post-Secondary Education (Winter 2024)**
  - Conducted a literature review and designed the research plan
  - Conducted interviews with peers to determine their reasons for studying at the University of Toronto
  - Publicly presented the process and results and was highly commended by the Sociology Department
